

LIGHTHOUSE & MUSEUM | A.W. JONES HERITAGE CENTER | MARITIME CENTER

The purpose of the Coastal Georgia Historical Society is to aid in the administration, restoration, and maintenance of those historic facilities and resources entrusted to its care so that they will be preserved as a living part of the historical and cultural foundations of our coastal community.

The mission of the Saint Simons Island Lighthouse Museum is to present and interpret the history and culture of coastal Georgia as it is reflected in its heritage of significant sites and resources.

Through exhibits, educational programs and interpretation, the value of this heritage gives meaning and orientation to present day life and creates an awareness of the need for the preservation of our treasured past for future generations.

We invite you to become a member!
